COMPLETE INDEX OF SUBJECTS TO VOLUMES I, II, III

ABADIE'S operation in glaucoma, ii. 161
Abbé's method of dilating esophageal stricture, ii. 438
Abbott's treatment of scoliosis, ii. 354
Abdomen, ii. 498
  closure of, ii. 516
  concussion of, ii. 535
  contusions, ii. 535
  fetus growing in, in ectopic pregnancy, iii. 436
  landmarks, ii. 503
  opening of, ii. 504
    incisions for, ii. 504
      combined, ii. 510
      flap, ii. 510
      lateral muscle-splitting, ii. 507
        vertical, ii. 507
      median, ii. 507
        intramuscular, ii. 506
        postmuscular, ii. 504
      transverse, ii. 507
        postmuscular, ii. 510
  operations on, ii. 498
    expiratory moan in, iii. 61
    prevention of shock in, i. 215
  regions of, ii. 499
  relaxed, ii. 540
  retention of uterus in, in Cesarean section, iii. 408
Abdominal aorta, aneurism of, i. 391
    compression of, in hemorrhage, i. 360
    ligation of, i. 426
  belt for hernia, iii. 17
  binders, i. 50
    for movable kidney, iii. 154
  blood for transfusion, iii. 818
  carcinoma, inoperable, ii. 706
  exercises for dysmenorrhea, iii. 396
  hysterectomy, iii. 415
    combined with vaginal, iii. 422
    for cancer, iii. 421
    partial, iii. 418
  hysterotomy, iii. 404
    obstetric, iii. 404
  incision, transverse, ii. 507–512
  muscles, rupture of, ii. 535
  operations, ii. 498
    adhesions in, blunt dissection of, ii. 522
      extensive, ii. 523
      interintestinal, ii. 522
      omental, ii. 522
      to anterior abdominal wall, ii. 522
Abdominal operations, adhesions in, treatment, ii. 522
  binder for dressings, ii. 520
  bowel movements after, ii. 531
  closure of peritoneum in, ii. 516
    of wound in, ii. 516
  complications after, ii. 531, 534
  control of bleeding in, ii. 515
  drainage in, ii. 524
    aspiration in, ii. 526
    by counter opening, ii. 528
    dangers, ii. 527
    depth necessary for, ii. 528
    gauze for, ii. 525
      nonadhering, ii. 529
    indications for, ii. 525
    methods, ii. 526
    objections to, ii. 525
    oiled gauze, ii. 529
    rectal, ii. 528
    withdrawal of, ii. 527
  dressing wound in, ii. 519
  elevated-head position after, ii. 529
  emergency feeding after, ii. 535
  feeding after, ii. 534
  figure-of-eight suture in, ii. 519
  hemorrhage in, ii. 523
  increasing abdominal pressure after, ii. 531
  infection of wound in, ii. 537
  instruments for, ii. 504
  meteorism after, ii. 532
  methods of dealing with, ii. 520
  morphin after, ii. 531
  nausea after, ii. 531
  oxygen after, ii. 531
  pain after, ii. 532
  peritoneum in, ii. 498
  pneumonia after, ii. 534
  position of patient, ii. 499
  post-operative treatment, ii. 529
  preparation of patient, ii. 499
  preventing leaving instruments in abdomen in, ii. 516
  prevention of adhesions in, ii. 521
  proctoclysis after, ii. 533
  rectal tube after, ii. 531
  retention of urine after, ii. 533
  retraction of wound, ii. 515
  shock after, ii. 532
  sponging in, ii. 515
  thirst after, ii. 533

Abdominal operations, time for getting up after, ii. 534
toilet of peritoneum in, ii. 515
treatment after, ii. 529
vomiting after, ii. 531
route, exposure of kidney by, iii. 163
section, ii. 504
ilio-inguinal, ii. 510
in non-acute salpingitis, iii. 427
local anesthesia in, i. 149
low median, by superficial transverse incision, ii. 513
median, ii. 510
oblique postmuscular, ii. 511
subcostal oblique, ii. 513
vertical postmuscular, ii. 512
sheets, i. 48
sponges, i. 44
wall, ii. 535
actinomycosis of, ii. 538
blood-supply, ii. 501
cancer of, ii. 538
echinococcus cysts of, ii. 538
excessively fat, ii. 538
fibroma molluscum of, ii. 538
fibrosarcoma of, ii. 538
infections of, ii. 536
landmarks, ii. 503
lipoma of, ii. 538
nerve supply, ii. 501
nevus of, ii. 538
operations on, local anesthesia in, i. 148
pendulous, ii. 540
relaxed, ii. 540
sarcoma of, ii. 538
stitch-hole abscesses in, ii. 537
structures of, ii. 500
tumors of, ii. 538
wounds of, ii. 535
Abdominosacral proctectomy for rectal cancer, iii. 81–84
Abducens nerve, injuries of, ii. 63
Abnormalities of cervix, congenital, iii. 375
Abortion, septic, iii. 371
tubal, iii. 435
Abscess, i. 251
alveolar, ii. 277
antiferment treatment, i. 234
Bier's hyperemia for, i. 231
cerebellar, usual site, ii. 50
chronic, i. 253
excision of, i. 254
peritoneal, ii. 554
circumscribed, appendicitis with, iii. 98
rupture, iii. 99
drainage in, i. 252
dressings for, i. 252
ether for, i. 235
extradural, ii. 319
extramammary, ii. 474
hot fomentations in, i. 251
in appendicitis in unusual position, iii. 100
in Pott's disease, ii. 335
femoral, ii. 337
from mixed infection, ii. 337
inguinal, ii. 337
Abscess in Pott's disease, lumbar, ii. 337
of lower spinal region, ii. 336
of middle cervical region, ii. 336
of upper dorsal region, ii. 336
psoas, ii. 337
retropharyngeal, ii. 335
in tuberculosis of hip, i. 672
incision in, i. 251
intracranial, of otic origin, ii. 319
ischiorectal, iii. 62
isolated chronic, filling bone cavities in, i. 706
local antiseptic treatment, i. 234
localized in peritonitis, ii. 553
of anterior chamber of eye, ii. 128
of axilla, iii. 453
of brain, ii. 73
indications for operation, ii. 73
technic of operation, ii. 74
of broad ligaments, iii. 426
of chest wall, ii. 398
of esophagus, ii. 432
of eyelids, ii. 119
of finger-tip, subcutaneous, iii. 444
of kidney, iii. 148
of liver, iii. 109
drainage by abdominal route, iii. 110
by thoracic route, iii. 110
Manson's method of draining, iii. 111
operation in, iii. 110
exploratory, iii. 110
prophylaxis, iii. 109
of lung, acute, ii. 414
chronic, ii. 415
rupturing into bronchus, ii. 415
of mediastinum, ii. 444
of neck, ii. 361
of orbit, ii. 137
of palate, ii. 255
of pancreas, ii. 781
of parotid gland, ii. 379
of prostate, iii. 229
of scalp, ii. 24
of scrotum, iii. 302
of spleen, ii. 784
of spine, non-tuberculous, ii. 327
of tongue, tuberculous, ii. 290
of urethra, iii. 272
of vaginal wall in vaginitis, iii. 355
of vulva, iii. 327
otic, usual site, ii. 50
pelvic, iii. 459
perigastric, from perforation of stomach, ii. 727
perinephric, iii. 146
peritonsillar, ii. 212
presacral, iii. 459
retroperitoneal, ii. 563
retropharyngeal, ii. 205
secondary, in peritonitis, ii. 553
septicemia from, vaccines in, i. 257
stitch-hole, in abdomen, ii. 537
subdiaphragmatic, ii. 470
subphrenic, in peritonitis, ii. 553
tuberculous, i. 281. See also *Tuberculous abscess.*

Absence of lip, plastic operation for, iii. 655
of vagina, iii. 357
Absorbable ligatures, i. 33
mechanical devices for intestinal anastomosis, ii. 675
sutures, i. 33
Absorbent cotton, i. 41
Acacia, gum, in saline infusion, i. 348
Acapnia, i. 213
in anesthesia, i. 123
Acarus scabici, i. 848
Accessories, surgical, i. 48
Accessorius-facial nerve grafting in facial paralysis, i. 885
Accessory sinuses of nose, ii. 179
foreign bodies in, ii. 188
thyroid glands, ii. 380
Accidental wounds, i. 166
of scalp, ii. 18
treatment, i. 186
Accidents in cataract extraction, ii. 167
industrial, prevention of, iii. 722
surgical treatment, iii. 723
A. C. E. anesthetic mixture, i. 119
Acetabulum, dislocations of hip through floor of, i. 645
Acetal anesthesia, i. 118
Acetic acid, as antiseptic, i. 67
Acetone treatment for cancer of uterus, iii. 424
Acetone-pyxol solution for hand sterilization, i. 174
Acetotartrate of aluminium, as antiseptic, i. 68
Achillobursitis, iii. 494
Achillodynia, iii. 494
Achondroplasia, i. 471
Ach's method of resection of cardiac end of stomach, ii. 758
Acid, acetic, as antiseptic, i. 67
benzoic, as antiseptic, i. 67
bichlorid solution, as antiseptic, i. 59
boric, as antiseptic, i. 67
citric, as antiseptic, i. 72
hydrochloric, as antiseptic, i. 72
mercuric nitrate, as caustic, i. 74
oxalic, as antiseptic, i. 67
picric, as antiseptic, i. 67
in burns, i. 821
salicylic, as antiseptic, i. 67
sulphuric, as antiseptic, i. 72
Acidosis in surgical shock, i. 213
prevention of, i. 176
treatment of, by alkalinized transfusion, i. 177
Acne, i. 835
indurata, iii. 704
x-rays in, iii. 704
keloid of, *x*-rays in, iii. 705
rosacea, i. 836
vulgaris, *x*-rays in, iii. 704
Acoustic vertigo, operation on seventh nerve in, ii. 112
Acquired stenosis of larynx, ii. 218
of trachea, ii. 218
stricture of urethra, iii. 286
Acriflavin as antiseptic, i. 65
Acriflavin for infected wounds, iii. 810
Acromegaly, i. 321
Acromion process, fractures of, i. 556
Actinomycosis, i. 272
of abdominal wall, ii. 538
of appendix, iii. 104
of intestines, ii. 575
of liver, iii. 112
of muscle, i. 792
of nasopharynx, ii. 208
of tongue, ii. 290
Actol, as antiseptic, i. 67
Acupressure in hemorrhage, i. 341
from disarticulation at hip-joint, iii 604
Adamantine epithelioma, i. 709
Adenitis, tuberculous, ii. 368
non-surgical treatment, ii. 369
operation in, ii. 370
Adenofibroma of breast, ii. 475
Adenoids, ii. 208
climate in etiology, ii. 208
evil results from, ii. 208
fresh air in prophylaxis, ii. 208
operation on, ii. 211
anesthesia in, ii. 209
chair for, ii. 209
instruments for, ii. 209
position of patient, ii. 209
sitting position in, ii. 209
without anesthetic, ii. 208
soft, ii. 208
treatment of, during first year, ii. 211
Adenoma, i. 325
cystic, of breast, ii. 475
of intestines, polypoid, ii. 582
of rectum, iii. 74
of stomach, ii. 793
Adenotome, Schultz's, ii. 209
Adherent hernia of large intestine, iii. 49
omentum in hernia, iii. 21
penis, iii. 255
prepuce, iii. 253
of clitoris, iii. 328
scars, i. 225
tonsils, ii. 216
Adhesions in peritonitis, ii. 546
methods of dealing with, in abdominal operations, ii. 520
of intestines, chronic obstruction from, ii. 610
perigastric, ii. 702
prevention of, i. 816; ii. 515, 520, 521
Adhesive paste, i. 55
plaster bandages, iii. 793
dressing for skin-grafting, iii. 640
for wounds, i. 55
protective, i. 54
strips for club-foot, iii. 472
straps for wounds, i. 187, 188
support for tension sutures, i. 198
tapes, i. 55
Aditus ad antrum, ii. 316
Adrenalin chlorid as hemostatic, i. 341
for treatment of shock, i. 217
in nasal operations, ii. 183
gauze, i. 41

Adrenalin in hemorrhage of stomach, ii. 727
in local anesthesia, i. 139
Adults, hydrocele in, iii. 314
Advancement of capsule of Tenon, ii. 177
of rectus muscle, ii. 176
Aërocele, ii. 218
Aëroplane ambulance, iii. 728
After-cataract, operations for, ii. 174
Age as factor in surgical treatment, i. 29
Agglutination, testing for, in blood transfusion, i. 355
Ainhum, i. 320, 843
Air cushions, i. 23
embolism, i. 447; ii. 430
fresh, in hemorrhage, i. 344
in surgical treatment, i. 24
to prevent adenoids, ii. 208
injections in sciatica, i. 879
insufflation of, in hydrothorax, ii. 402
Akoin as local anesthetic, i. 137
Alæ nasi, collapse of, ii. 195
Albee's bone-grafts in fractures, i. 507
methods of holding bone-grafts in place, i. 510
Albuminuria in varicose ulcers, i. 312
Alcohol, as antiseptic, i. 72
injections for nerve blocking, i. 864
in coccygodynia, ii. 358
in incurable carcinoma of tongue, i. 869
in neuralgia, i. 864
in rectal prolapse, iii. 68
in spastic muscles, i. 795
in trifacial neuralgia, i. 866
in Gasserian ganglion, i. 869
method for catgut, i. 35
solidified, as antiseptic, i. 72
Alcoholic soap, as antiseptic, i. 72
Alcoholism, as factor in operation, i. 180
in surgical treatment, i. 18
Aleppo boil, i. 273
Alexander's operation for retroversion of uterus, iii. 390
paste for burns, iii. 807
Alimentary canal, operations on, preparation of patient for, ii. 564
Allen's method of fascia fixation of uterus for retroversion, iii. 394
Allis' ether inhaler, i. 106
operation for habitual shoulder dislocations, i. 634
Allport's method of tattooing cornea, ii. 153
Alopecia, i. 846
areata, i. 847
follicularis, 847
syphilitic, i. 303
Alpha rays of radium, iii. 709
Alternating strabismus, ii. 175
Alum enema, ii. 620
Aluminium acetotartrate as antiseptic, i. 68
bronze sutures, i. 38
Alumnol, as antiseptic, i. 72
Alveolar abscess, ii. 277
process of jaw, fractures of, i. 543
of lower jaw, resection of, i. 725
of upper jaw, resection of, i. 723
resection of, i. 723
Alypin as local anesthetic, i. 136
Ambulance, aëroplane, iii. 728
transportation of injured by, iii. 727
Ambulant treatment of fractures, i. 522
Ambulatory splints, i. 522
treatment of empyema, ii. 407
Amebic colitis, ii. 570
ulceration of rectum, iii. 61
Amenorrhea, iii. 397
Ammonium sulphate method for catgut, i. 35
Amputated fingers, replacement of, iii. 649
restoration of, iii. 458
members, transplantation of, iii. 649
Amputation, iii. 498
after-treatment of weight-bearing stump, in, iii. 540
anesthesia for, iii. 499
aperiosteal, iii. 510
as plastic operation, iii. 498
at hip, interilio-abdominal, iii. 605
transpelvic, iii. 605
at joints, iii. 498, 501
at wrist, iii. 554
by equal flaps of skin and muscle, iii. 517
skin flaps, iii. 519
by single flap, iii. 519
by unequal flaps, iii. 520
rectangular flaps, iii. 520
cinematic, iii. 526
cineplastic, iii. 526
extension apparatus for stump, iii. 533
motor club in, iii. 531
loop in, iii. 530
stump in, iii. 529
of thigh, iii. 538
through forearm, iii. 527
through upper arm, iii. 537
transitory, iii. 538
circular, iii. 504, 505
advantages, iii. 507
cuff method, iii. 507
suturing skin in, iii. 513
treatment of muscle in, iii. 513
technic, iii. 515
clamping of vessels during, iii. 501
combined circular and flap, iii. 515
complications, iii. 514
conical stump in, iii. 514
contraction of tissues of stump in, iii. 514
cuff method, iii. 515
device for preserving functions of muscle after, iii. 533
division of bone in, iii. 508
of tissues in, iii. 501
drainage in, iii. 513
elliptical method, iii. 521
flap, incising skin and fascia in, iii. 504
combined with circular method, iii. 515
suturing skin in, 513
treatment of muscle in, iii. 513
with single flap, iii. 519
grafting upon stump in, iii. 502
in compound fracture, conditions calling for, i. 520
in lower third of forearm by circular method, iii. 556

Amputation in presence of infection, iii. 502
in upper two-thirds of forearm, iii. 557
indications for, iii. 498
infundibuliform, iii. 513
instruments for, iii. 499
intermediary, iii. 499
interscapulothoracic, iii. 568
irregular, iii. 522
length of stump after, iii. 501
lines of incision for, iii. 503
methods, iii. 515
muscle flaps in, iii. 512
musculoperiosteal flaps in, iii. 508
of all toes with part of all metatarsal bones, iii. 577
of arm, iii. 559
in lower third, iii. 560
in middle third, iii. 561
in upper third, iii. 562
of fifth metacarpal bone with little finger, iii. 551
of fingers, iii. 542
anesthesia for, iii. 544
through first phalanx, iii. 546
through last phalanx, iii. 545
through second phalanx, iii. 545
with four inner metacarpal bones, iii. 551
with fourth and fifth metacarpal bones, iii. 551
with three inner metacarpal bones, iii. 551
of first metacarpal bone with thumb, iii. 551
of foot, iii. 575
rules for, iii. 575
of forearm, iii. 555
of four inner metacarpal bones with fingers, iii. 551
of fourth and fifth metacarpal bones with fingers, iii. 551
of great toe with all of metatarsal bone, iii. 578
of hand, iii. 550
of leg, iii. 585
by oblique circular incision, iii. 588
cineplastic stumps in, iii. 587
osteoplastic, by antero-internal flap, iii. 590
supramalleolar, iii. 587
through lower third, iii. 587
through middle third, iii. 588
through upper third, iii. 589
with bilateral flaps, iii. 589
with equal lateral flaps, iii. 589
with large external flap, iii. 590
of limbs in newborn in utero, iii. 697
of little toe with all of metatarsal bone, iii. 578
of lower extremities, iii. 570
position of patient for, iii. 570
of metacarpal bone with finger, iii. 551
of penis, iii. 255
of shoulder, iii. 568
by posterior approach, iii. 569
of thigh, iii. 594
subtrochanteric, iii. 600
Amputation of thigh, supracondyloid, iii. 597
through condyles, osteoplastic, iii. 596
through lower third, iii. 598
through shaft of femur, iii. 598
of three inner metacarpal bones with fingers, iii. 551
of thumb, iii. 548
at metatarsophalangeal joint, oval method, iii. 549
of toes, iii. 570
with all of metatarsal bone, iii. 578
with part of metatarsal bone, iii. 576
of upper extremities, iii. 542
of uterus for inversion, iii. 385
osteoplastic, iii. 524
oval method, iii. 517
painful stump in, iii. 514
position of patient for, iii. 500
of stump cicatrix in, iii. 515
of surgeon for, iii. 500
preliminary nerve blocking in, iii. 512
preparation of patient for, iii. 499
prevention of hemorrhage in, iii. 500
of shock in, iii. 499
primary, iii. 499
qualities of good stump in, iii. 514
racket method, iii. 516
results, iii. 514
saline infusion in, iii. 501
saving of blood in, iii. 500
sawing bone in, iii. 509
secondary, iii. 499
size of flaps in, iii. 502
stump, bandage of, iii. 776
for weight-bearing in, iii. 523
ring traction for, iii. 533
suturing flaps in, iii. 512
skin in, iii. 513
technic of making flaps for, iii. 503
tenoplastic, iii. 526
operations on stump in, iii. 532
through femur, iii. 526
through first phalanx of toe, iii. 573
through humerus, iii. 526
time of operation, iii. 499
treatment of blood-vessels in, iii. 510
of bone in, iii. 508
of nerves in, iii. 511
of redundant tissues in, iii. 512
trimming of flaps in, iii. 512
turning back flap in, iii. 505
use of sphygmomanometer in, iii. 501
ventral decubitus for, iii. 500
weight-bearing stump in, iii. 541
after-treatment, 540
with flaps, ii. 507. See also *Flap amputation.*
with reference to prosthetic apparatus iii. 523
with tendinous bone covering, iii. 539
without flaps, iii. 522
indications for, iii. 523
Amylene anesthesia, i. 118
Anal region, fistula in, iii. 62. See also *Fistula in ano.*
Analgesia, i. 92

Anaphylaxis to antitetanic serum, i. 266
Anastomosis, arteriovenous, i. 377
arterial, Horsley's clamp for, i. 379
end-to-end, of arteries, i. 374
intestinal, ii. 646. See also *Intestinal anastomosis.*
of anterior nerve roots in spinal canal, ii. 348
of vas deferens to epididymis of opposite side for sterility, iii. 312
uretero-ureteral, iii. 174
urethrorectal, for incontinence of urine, iii. 331
Ancestral peculiarities as factor in surgical treatment, i. 18
Andrews' clamp method of intestinal anastomosis, ii. 676
operation for hydrocele, iii. 314
